# PODS

Increasing flexibility and productivity in the modern office space is crucial. Introducing PODS, a compact single person workstation for tasks requiring privacy from environmental influences common in open workspaces. PODS create the opportunity to deliver new ways of working, both collaboratively and exclusively.

PODS is designed with the intention of creating new working opportunities, drawing in a healthy balance of collaborative and focused work. Due to its creative geometric construction, PODS provides the versatility and portability for those who don't want their office space fixed, adhering to the flexible nature of modern office floor plates.

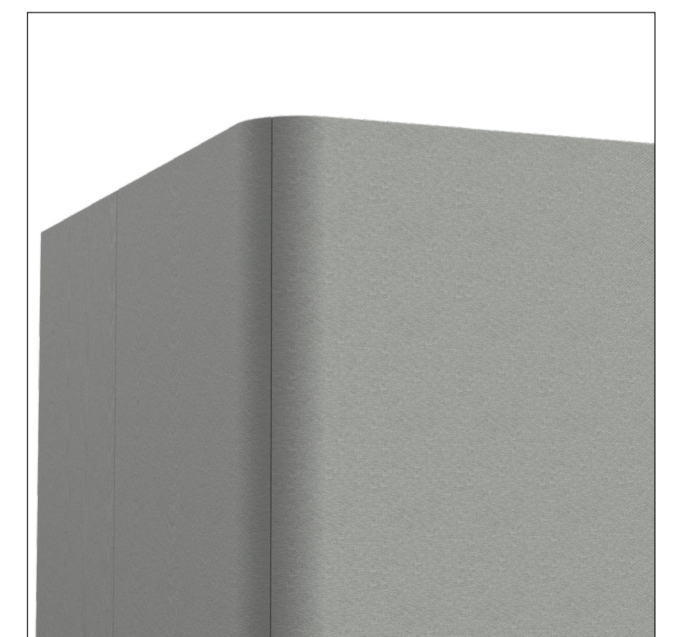

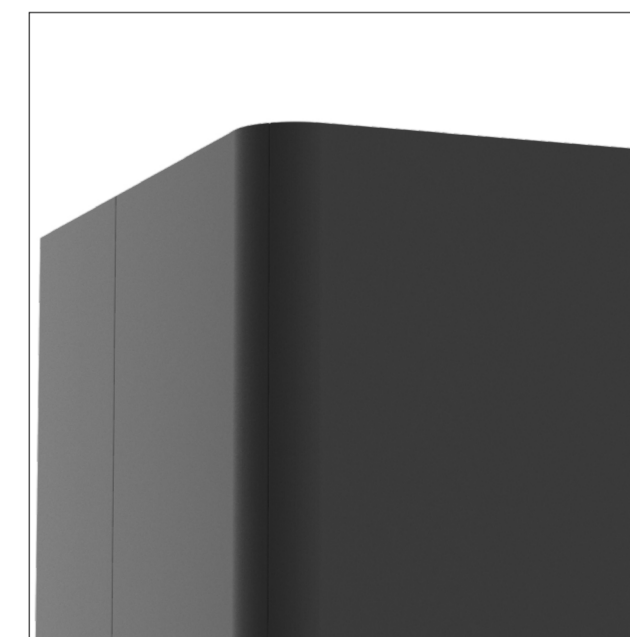

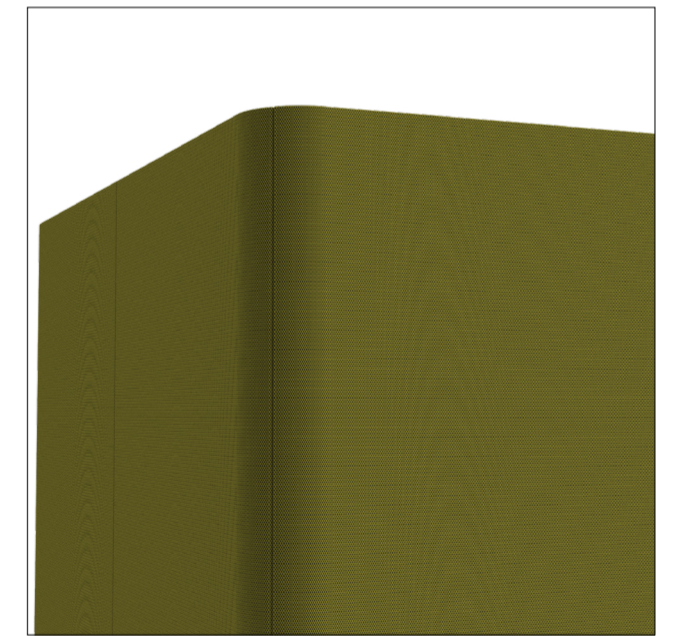

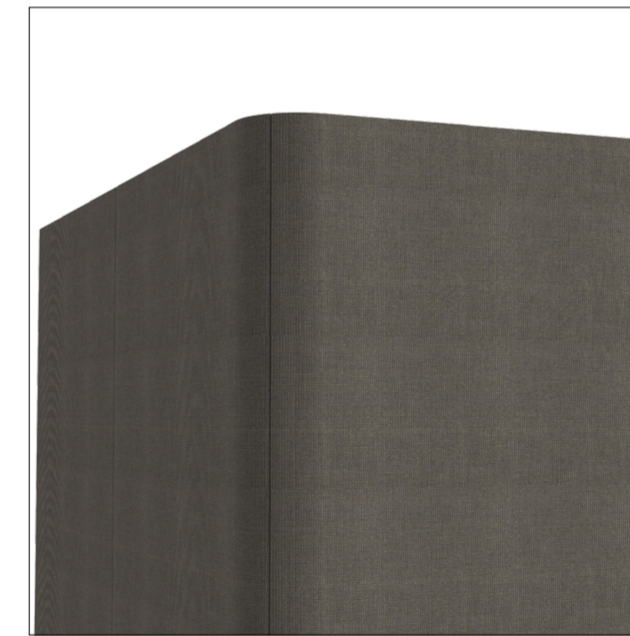

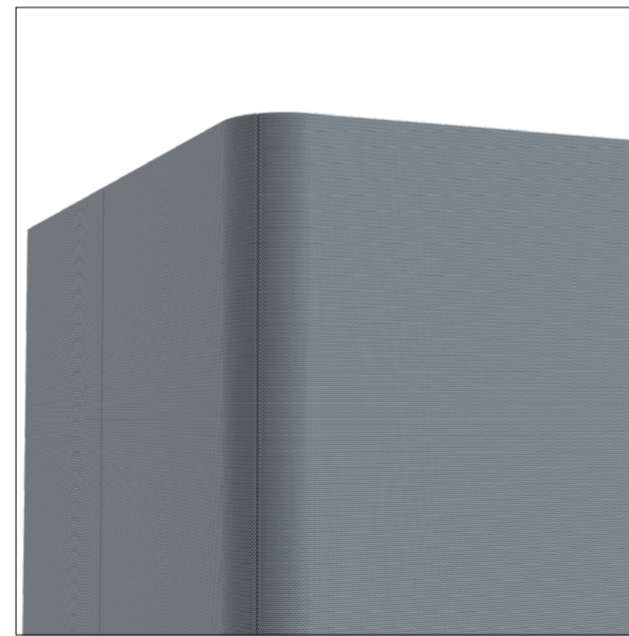

PODS' Acoustic screens provide visual and audio privacy. Its privacy screens are free standing elements, available in a variety of materials to suit your individual needs.

#### Acoustic screen finishes

Screens are available in a variety of fabrics.

PODS' internally routed cable management system facilitates power and data solutions, carefully reticulating cables discretely below the work surface.

**01 The PODS Dual Workstation.**

Due to its versatile nature, The PODS workstation can be configured in a variety of configurations, or placed simply by itself for a singular workstation.

**02 Single or Two Tier cable trays**

PODS offers both single and two tier cable tray solutions, reticulating power and data cables efficiently to free the workspace for you.

**03 Power, voice and data outlets**

PODS' power, voice and data outlets are carefully concealed below the desk, decluttering the workspace.

**04 In-desk power boxes or above desk power rails**

PODS' adaptable power options allow you to conceal power and data cables using its in-desk power box, or externalise them using above desk power rails.

**05 Vertical power management from ceiling via power poles, power blades or umbilicals**

PODS' provides a variety of power management solutions for ceiling powered workspaces, allowing you to select the solution that best fits you.

**06 Plastic/Felt feet**

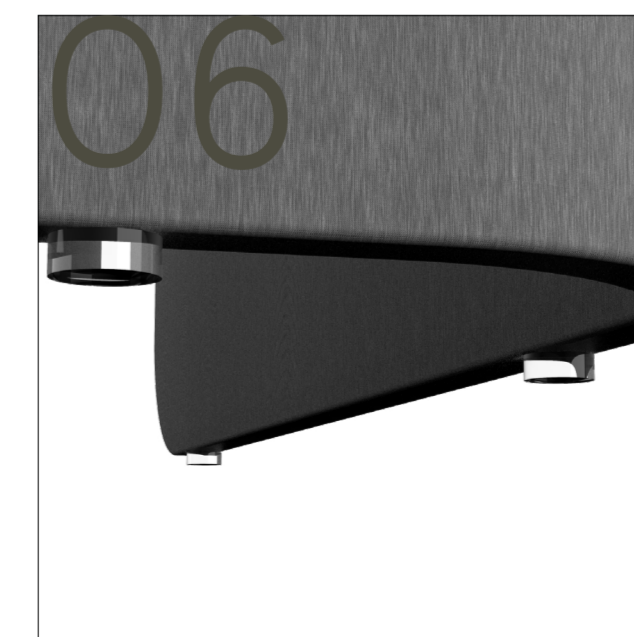

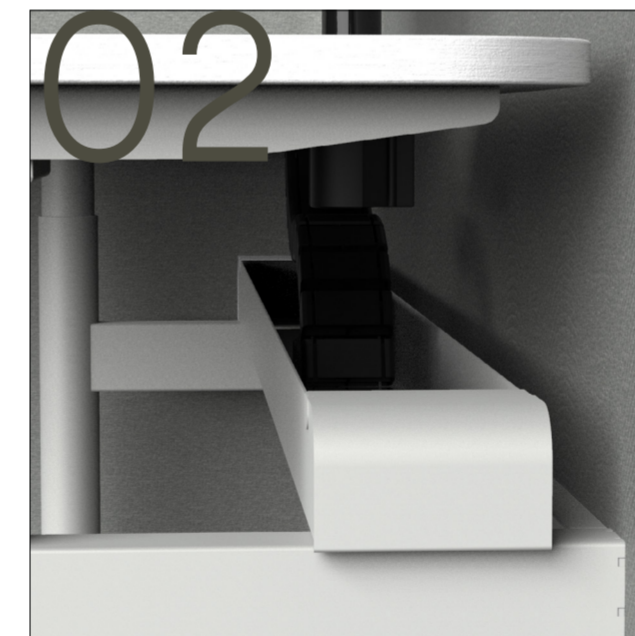

PODS' feet can be selected in either plastic or felt versions.

**07 PODs' table tops**

PODS' desks come in 25mm melamine, laminate or veneer, providing various configurations for your individual working space needs.

01

The creative geomteric design of PODS  
allows you to nestle and tessellate  
workstations to maximise your available  
space.
